## Come and join our Creative & Performing Arts Program for Year 7 in 2023

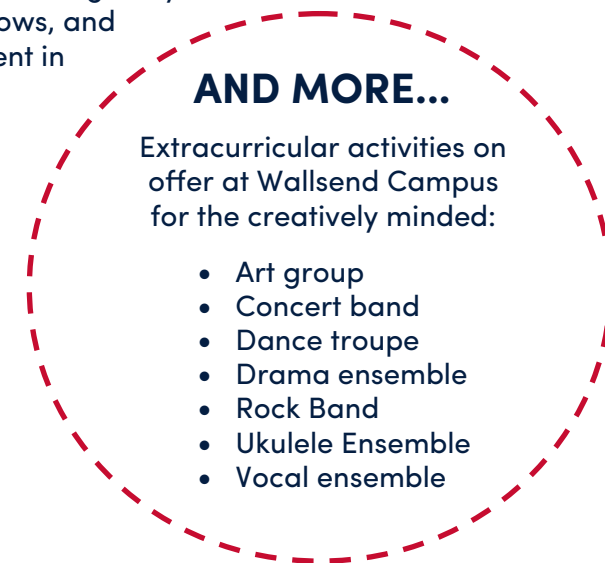

## What is the CAPA Program?

The Creative and Performing Arts Program at Callaghan College Wallsend Campus is for Year 7 students who show a promising talent in creative or performing arts. Students who meet the criteria and successfully audition will be offered a position in our dedicated CAPA class for Year 7 and Year 8.

The benefits of being part of our selected CAPA Class is the chance to work and learn with like-minded students in a variety of classes that use creative learning techniques to explore each subject. This includes modified lesson structures, programs and assessment activities, with our staff collaborating to build creative opportunities for our CAPA students across all Key Learning Areas.

You will also get the chance to perform regularly, at school formal assemblies and shows, and be well supported in your involvement in local productions and exhibitions.

There may even be the opportunity to participate in productions and workshops in the brand new Creative and Performing Arts Centre at Jesmond Senior Campus!
